

Sisters of Mercy CRITICAL CONCERNS

For Kids

Immigration

We welcome, respect and help families and people who leave their home country.

Earth

We care for and protect Earth and all creation.

Racism

We know that people are often treated badly because of the color of their skin. We believe this is wrong and harms us all. We work to end racism.

Women

We use our voice to make sure women have an equal chance to learn and succeed.

Nonviolence

We use kind words and actions to resolve our disagreements.
